

ED AND MOLLY FOR FRESHERS' OFFICERS (ec954)(mha43)

Why Choose us:

Freshers' week is the first opportunity to welcome new students into the Downing community; it's therefore important to make the transition as smooth as possible. It can be a daunting experience, so we are hoping that we can be friendly, reliable faces that they can turn to if they have any problems.

You will find us all over the college (especially in slops and the library!) so if there are any problems it won't be hard to find us.

We are Molly and Ed, 1st years studying HSPS and English, and we would love to be your new freshers' representatives.

What we would do:

- Keep up the tradition of running lots of events for freshers, providing ample opportunity for people to get to know everyone.
- Make space for a variety of fun activities, drinking and non-drinking, so that everyone feels included.
- Help with integration between the years by having family brunch, cross-year subject group chats and Frep drop-in sessions.
