About Me

Experience

★ Hey! I'm Kayyisa and I'm a second year HSPS-er, on a soc-san track but technically I've been at Downing for three years!

★ If I'm not in the gym, I'm sat in the AMES library trying to read... but really I'm thinking about food!

★ As part of the first FY cohort, I have first hand experience of what the FY is and how stressful it can be. I understand the unique challenges FY students face- from academic adjustments to finding a sense of belonging in the college and the wider university community.

★ Having been a mentor and student ambassador for three years now, I am passionate about advocating and supporting others.

★ I have advocated for children in care to ensure they are heard and are seen in decisions that impact them.

My aims as FY Officer

★ More social events (e.g Halfway formal, dinners, drinks or games nights)

★ Improve financial and emotional support the college offers

★ Work with Welfare officers to run stress and mental health workshops specific to FY students

★ More academic support to help increase progression rates
