

Molly Adamson

For Stash officer

Key skills

I have held positions as Vice Captain and student ambassador in secondary school which has equipped me with great organisation and communication skills.

Objective

As stash officer I would want to make the stash drop more public, by utilising social media such that everyone has the opportunity to get stash.

I would also want to provide a greater variety of stash, ensuring there is something for everyone taste. This could be achieved through a student survey that would allow for the drop to be a true representation of what people actually want from the stash.

Stash is a way to show pride and feel connected to the college. As your stash officer, I would recognise the important role that stash plays in uplifting college community spirit and would be dedicated in my role. Guaranteeing that the college stash remains well-stocked and that drops are widely publicised with ample, advanced notice of their occurring .

Vote for me as your Stash officer !
