- Listen to feedback and help coordinate career evenings and talks with regard to your needs
- Ensure that issues of academic welfare are addressed effectively and promptly, and ensure that you are at the heart of decisions
- Make sure that there is a continued commitment by the College in ensuring that you all receive sufficient support irrespective of background
- Guarantee that you receive information about career opportunities and post-graduate opportunities so that you can decide your future
- I will work to encourage engagement with these career events and further opportunities
- Work towards organising the most capable team for University Challenge... so that we can win!
