

ENT OFFICERS

MAIN AIMS

We think Downing Ents should be a staple of the College and Uni social scene.

Here are our plans:

- Increase number of ents
- Improve promotion of ents
- Fun themes
- Vary the location of ents

1

FREQUENCY

Last term we had 2 ents, this term we are yet to have one. Other inferior colleges have bi-weekly or even weekly ents/bops. As Downing students we are missing out, we plan to have bi-weekly ents and keep everyone in the loop with termcards on the instagram.

PROMOTION

2

We plan to advertise Downing ents to other colleges so more people can and experience what Downing has to offer. Out of college students will pay marginally more to make sure ents break even or profit.

THEMES

3

To keep ents fun and exciting, we will do 'fancy dress' and other types of unique themes e.g. acres ski, white lies etc. Best dressed on each night will get a free drink at the bar.

4

LOCATION

We know it is not always possible to host ents in Dbar so varying location may be necessary but also adds the excitement. Think marquees in the summer drinking a few too many.
